

0.15m USB 3.1 C to A Adapter Cable, Anthra Line
Part No.: 36895

Description

Professional choice USB 3.1 Type C to Female A cable for commercial and high performance AV and IT installations

Supports SuperSpeed+ data transfer speeds up to 10Gbps

Robust PVC housing, 24K gold plated connectors and contacts

Triple shielded cable, corrosion resistant tinned copper conductors

SuperSpeed+, USB 3.1, 10Gbps; 10 year warranty

From the Lines cable connectivity concept developed by Lindy, Anthra Line USB 3.1 Type C to Female A cables are the professional choice for high performance connections in commercial AV and IT installations.

USB Type C features a reversible connector, so no matter which orientation the cable is inserted, a connection will always be found. This connector allows a fully bi-directional cable with automatic host and device negotiation.

Anthra Line USB 3.1 cables are premium connections that feature triple shielded construction with tinned copper conductors for performance and corrosion resistance. High quality gold plated contacts and connectors maintain signal integrity and reliability.

The SuperSpeed+ protocol is supported with up to 10Gbps bandwidth to allow the rapid transfer of large data volumes.
