

Tapplock lite

Lightweight Lifestyle Lock

Cutting-Edge Fingerprint Technology

Tapplock's advanced fingerprint technology identifies the access user to 99.999% accuracy and grants access in under 0.8 seconds. Stores up to 100 fingerprints for multiple users per lock.

Easy, Shareable Access

Share Bluetooth access remotely with family & friends from the Tapplock app. Get a notification whenever they unlock your Tapplock lite.

Lightweight And Portable

Designed with agility in mind, Tapplock lite is strong and compact, and perfect in the house or on the go.

3 Ways To Unlock

Fingerprint, Bluetooth, and backup Morse code unlocking by setting custom long / short combinations.

Powerful Rechargeable Battery

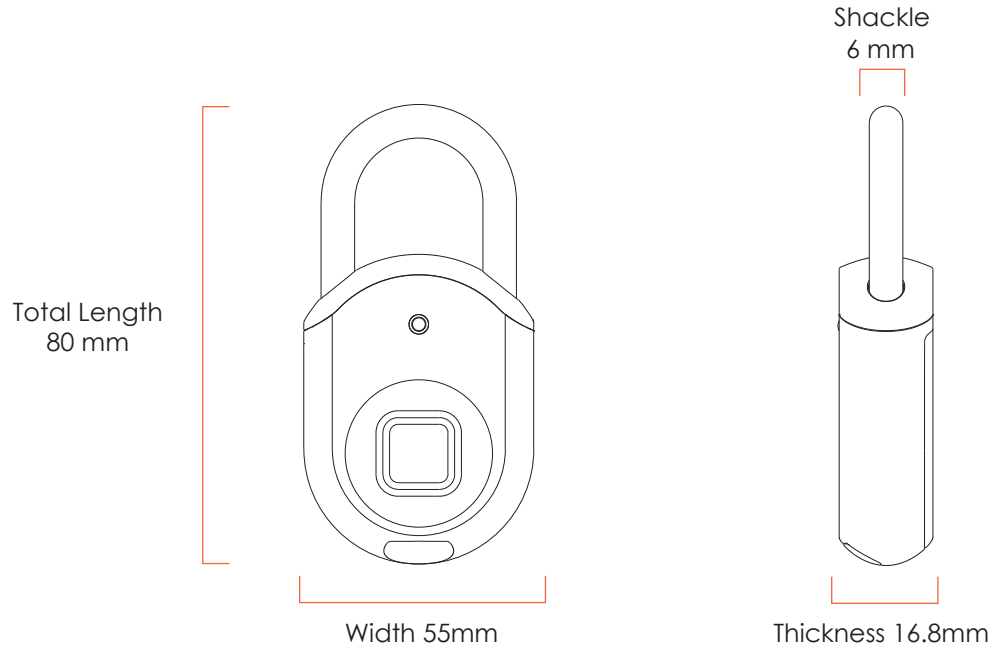

8-month use per 1.5-hour charge time. Check remaining power using the Tapplock app.

Tapplock lite Dimensions
