Snap Trap, Set of 2

Easy to clean and set up

An easy to clean snap trap for mouse control. The mousetrap set of 2 from Gardigo is a great helper for eliminating mouse problems at home. Thanks to its simple design it is quick and easy to set up. Easy tensioning by pushing down the bar. Place the traps along the wall in a mice infested area. The bait and actuator should be pointed towards the wall, so that mice coming from either direction can be caught. Fill the circular opening in

the centre of the actuator with a bait,-we recommend using a spread like peanut butter, chocolate and hazelnut spread or liver sausage. The trap is made of plastic and therefore easy to clean, sturdy and reusable. Simply push down the tensioning bar to release a caught mouse. There is no need to touch the animal with

Also available as a set of 10 (Art.-No. 62343).
