

## MIPOW POWER CUBE XS (SPX07s)

Wireless Charging Pad with a 5000mAh power bank

*MIPOW Power Cube XS is the upgraded version of MiPow's dual Wireless Charging Pad/Station SPX07. It removed the ON/OFF button, replaced with a "swipe-up on" feature, and added a USB output port to let you charge multiple devices at the same time. This is a perfect desk charging solution for iPhones & other Qi-enabled devices.*

MIPOW redefined the power charging station by introducing SPX07, now, MiPow believes that with this POWER CUBE XS, there's no good excuse to ever have your smartphone go dead when you need it or want it most.
