"Accessory maker Brydge has announced new keyboards... and by the looks of them, they really do turn Apple's tablet into a touchscreen-equipped laptop." - Mashable

### Limitless Viewing

Laptop, Tablet and Movie modes for an unrestricted experience. Fold the iPad back onto the keyboard for taking notes or reading. Flip the iPad around to watch your favorite show.

### Precision Engineered

The new iPad Pro keyboards blur the lines between MacBook and iPad like never before. A flawless integration of size, texture, and color for the ultimate lapability.

### Dual Connectivity

Connect via our industry leading Bluetooth 4.1 for a lag-free typing experience or via USB-C to charge your keyboard and type with the security of USB.
