

Screen winding, for DTZ transformer up to 20KVA

Part no. **+W20,0**  
 Catalog No. **082275**  
 Alternate Catalog No. **-**

**Delivery program**

Product range			Accessories
Accessories			Shielding winding
For use with			DTZ8.0 ... DTZ20
Cu factor 0,00			

**Technical data**

**General**

Ambient temperature			-25 - 40
---------------------	--	--	----------

**Characteristics**

Insulation class			B/F
Separate windings			●

**Design verification as per IEC/EN 61439**

Technical data for design verification			
Operating ambient temperature min.		°C	-25
Operating ambient temperature max.		°C	40

**Technical data ETIM 7.0**

Low-voltage industrial components (EG000017) / Accessories for low-voltage switch technology (EC002498)			
Electric engineering, automation, process control engineering / Low-voltage switch technology / Component for low-voltage switching technology / Component for low-voltage switch technology (accessories) (ecl@ss10.0.1-27-37-13-92 [AKN570013])			
Type of accessory			Other

**Approvals**

North America Certification			UL/CSA certification not required
-----------------------------	--	--	-----------------------------------
