

Your HD driving companion
- out of sight but always by your side

MiVue™ J60

WHY THE MIO MIVUE™ J60

High quality, Full HD video recordings

Created to capture every detail, the MiVue™ J60 provides Full HD 1080p footage at 30 fps with 150° wide angle viewing and F1.8 aperture. For every second, you will get 30 frames of video, ensuring that all recorded footage is clear and indisputable.

Ultimate connectivity – built-in WiFi

Immediately back up your videos to your smartphone or share them via the MiVue™ Pro app, with the device's integrated WiFi. Moving your precious footage from your dash-cam to your phone or desktop has really never been easier. You can also update the MiVue™ J60's firmware and speed camera data with WiFi OTA (Over-the-air) update, ensuring your device is always up to date.

Track and record your journey - GPS tracking

With a built-in GPS tracker, your location and speed are logged during every recording. This valuable data is stored and kept safe for when you need it most. To make things even better, the GPS tracker is actually housed inside the device, so you don't have to use any extra devices.

Compatibility & adaptability - Parking mode

Protect your car when you're not around with the device's parking mode feature. Simply connect your MiVue™ J60 to the SmartBox II power cable and you're ready to go. Your device will instantly start recording as soon as it detects something come close to your car.

Discreet – out of sight out of mind

The MiVue™ J60 is built to make your driving experience better. With its sleek design the device can be discreetly installed behind your rearview mirror, keeping your line of view clear.

Safety at the forefront - Safety camera warnings

The MiVue™ J60 comes with pre-installed safety camera data, so that you'll always know how fast you can go. The data updates for the lifetime of the device too, because with Mio you can drive forever. Your MiVue™ J60 also comes with voice speeding alerts, so you'll always know if and when you need to slow down.

Created for your safety - Advanced Driver Assistance Systems

Alerts and reminders are there to help you reach your destination safely. That's why the MiVue™ J60 comes with pre-installed Advanced Driver Assistance Systems. MiVue™ J60's purpose is your safety.

It has your back: traceable movements - 3-Axis G-Sensor

A sudden change of movement can be the result of an accident: as soon as the built-in 3-axis G sensor detects a sudden movement, footage is automatically stored and cannot be overwritten, so you'll not have to wonder where your data has gone.

MiVueTM J60
