

Easy-to-use car navigation
with lifetime maps updates

Pilot™ 15 LM

WHY THE MIO PILOT™ 15 LM?

Drive with confidence – Powerful turn-by-turn navigation

Designed with integrated award-winning GPS navigation software powered by advanced routing algorithms, the Pilot™ 15 LM quickly and effortlessly calculates your route. With simple and clear visual and audio guidance, the device will help you reach your destination.

Lifetime Map Updates – 45 Full European Maps

Never worry about road changes or closures thanks to the device's built-in Lifetime Map Updates*. Connect your device to your PC, install the MioMore Desktop Software and you'll always know when there's an update available, so that you won't get lost.

Easy-to-use car navigation

Designed with QuickStart, the Pilot™ 15 LM has a simplified menu and QuickSpell Search so you can set your destination in seconds. At the simple tap of a finger your destination is set and your route is ready.

* Map updates included for the lifetime of your Mio device.

Get there faster – Optimized routing

With optimized routing, the Pilot™ 15 LM calculates the fastest timing or shortest distance to reach your destination. So, whether you are working on a schedule or want to save on fuel, the Pilot™ 15 LM is there for you.

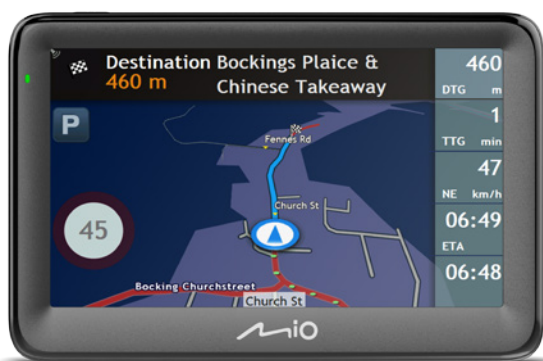

Bigger screen for bigger journeys

Made to wow, the Pilot™ 15 LM has a 5" extra-large touch screen with 480 x 272 display resolution, allowing for clear, widescreen viewing. The smooth touchscreen ensures inputting your journey is easy and the large screen means you don't need to take your eyes off the road.

Spoken street names so you never lose your way

With spoken street names, your Pilot™ 15 LM will always help you find your way, wherever you may be. The device comes with integrated turn-by-turn voice guidance and Text to Speech (TTS) technology.

Pilot™ 15 LM
