Picture is for indication purposes

Description:

The Club3D Dual Wall Power Charger for up to 60 Watt, with dual USB Type A and C connector is designed for users who need to charge their PC/Note-Book/Tablet/Mobile phone as well as their docking station. It has an integrated AC connector for direct use into a wall socket.

The Power Charger is light weight without compromising on Quality and safety. By adopting PowerDelivery charging technology, the charging function through both USB Type A and Type C interface, you can charge any USB C powered device via the bundled USB C cable.

Charging

By adopting PD Charging technology and charging function through both USB Type A and/or C interfaces the Club3D Power Charger offers unique functionality. The USB Type-C connector is compliant with PD2.0 charger and Quick Charger 3.0 technology (available only when using USB C alone) It will charge your device up to 60W when used alone and 45W in combination with 12W of the USB A.

Features:

- Multi purpose Efficient-Light Weight Dual Port Power Charger
- Supports Dual Charging function for up to 60W
- Bundled with a USB Type C(power) connection cable
- Removes the need for multiple Power Chargers
- Simple installation
- Integrated mains connector (country specific version)
- USB Type A port x1 output 5V /2.4A = 12W max
- USB Type C port x1 Support PD Charging
  When charge in combination with USB A output is 5V-9V-12V-15V/3A, 20V/2.25A up to 45W
  When charged USB C alone output is 5V-9V-12V-15V-20V/ 3A to 60W - supports PD 2.0 and QuickCharging 3.0
- Overload, Over Current, Over Temperature and Short Circuit Protection
- Auto Recovery from Fault condition

OS Support: All

In the box:
