

WARRIOR-G4FL

COMPACT FLOOD / TACTICAL FLASHLIGHT

T-Series

The G4FL is designed to have an intense flood light for overwhelming light disturbance. In situations where rapid illumination of your field of view is critical this light does the job like no other. Small enough to wear on a duty belt this light is perfect for patrol, corrections and even the outdoor enthusiast. The G4FL also includes our new dual charging port consisting of a waterproof micro USB port along with a magnetic charging port. This allows for ease of charging when in normal conditions but standardizing a charging port when on the go.
