4-Port USB Charging Station — Keep your portable devices fully powered and secure.

Portable USB electronics place heavy demands on their batteries for power and the Manhattan 4-Port USB Charging Station helps keep your tablets, mobile phones, digital cameras and other devices charged and ready to go. This charging station plugs into any standard wall outlet and offers rapid charging. With 34 W total power output, the station offers Smart IC technology to optimize device charging. Each port supports up to 5 V / 2.4 A to fast charge smartphones and other handheld devices. Plus, it smartly protects itself and your devices from short-circuiting, overvoltage, overcurrent and overheating.

The Manhattan 4-Port USB Charging Station is a great way to charge the devices you use most, whether at home, school or the office. It features four wide bays for securing most devices — with cases — while charging, keeping your countertop clean and clutter-free.
