

AE 6491 NRC

NEW!

with VOX hands-free function and NRC noise filter for crystal-clear audio reception

Corresponds to the latest road traffic regulations: Communicate only with VOX hands-free system

For the latest version of the AE 6491 Albrecht has developed a technical innovation and integrated into the CB radio: the NRC noise filter. If activated, the AE 6491 NRC filters out background noises while receiving messages and offers unprecedented, crystal-clear audio quality in CB radio!

The high-quality multi-standard CB radio Albrecht AE 6491 NRC is characterized by a very simple installation and can be used throughout Europe. It can be operated with 12 or 24 volts. The DIN frame is included in the scope of delivery and therefore is ideally suited for installation in trucks or cars. The powerful 3 watt front loudspeaker ensures a strong and clear sound.

The Albrecht AE 6491 NRC offers a intuitive operation. The display of this multi-standard CB radio impresses with its clarity and a large horizontal and vertical viewing angle. There are UP/DOWN and ASQ buttons on the microphone. The automatic squelch and CTCSS function guarantee a interference-free reception.
