

Hybrid radio

TELESTAR DIRA M 6i

The small-sized TELESTAR DIRA M 6i is a prime example for state-of-the-art radio technology. It receives digital DAB+, analogue FM as well as over 25.000 web radio stations. Although small-sized, it creates a solid sound experience thanks to the full range speaker featuring equalizer. The M 6i is UPnP and DLNA compliant and comes with a versatile USB media mode, supporting play back

of different types of data as well as a state-of-the-art record mode. Many user-friendly features, such as alarm clock mode, sleep timer, multilingual menu, and remote control via „Soundmate“ smart phone application top off the list of its features and make the TELESTAR DIRA M 6i an outstanding and very versatile radio.
