HEAR IN COLOR

FEATURES:

FAST & STABLE QUALCOMM CHIPSET

Integrated with a Qualcomm chipset and a powerful LDS antenna, experience a fast and stable connection in high density environments with the latest Bluetooth® 5 technology.

APT X/AAC COMPATIBLE

Compatibility with aptX and AAC Bluetooth codecs thanks to the integrated Qualcomm chip ensures the best possible wireless audio quality on virtually any device.

FULL RANGED BALANCED ARMATURE

Featuring a unique full-range balanced armature that provides less distortion across the entire sound curve. From crisp highs to punchy bass, hear what it's like to listen to your favorite music for the first time again.

AUTO PAUSE & PLAY

Built-in infrared sensors automatically play or pause music when taken in or out of your ears so you can pick up right where you left off with ease.

DUAL ENC MICROPHONE

Qualcomm cVc 8.0 dual microphones feature Environmental Noise Cancellation (ENC) technology which suppresses ambient noise so your voice remains crystal clear even in loud environments.

22 HOUR PLAYTIME + FAST CHARGE

Enjoy 6 hours of non-stop music on a single charge and extend it to 22 hours with the included portable charging case combined with fast charge functionality, these earbuds can get an additional 2 hours of use on only 15 minutes of charge time.

MORE FEATURES:

Show Your True Colors

Stand out from the crowd with dazzling colors and a sleek metallic finish thanks to a NCVM (non-conductive vacuum metallization) color-coating process.

Sound That Travels

Enjoy a lightweight and compact design with a portable charging case that fits easily in your pocket for enhanced portability. With each earbud weighing only 4.1 g, you'll forget you are even wearing them.

IPX5 Water & Sweat Resistance

Built to handle even the toughest situations you throw at them, these earbuds feature IPX5 water & sweat resistance to provide all-around protection against outdoor conditions and workouts.

- Multiple Pairing Modes
- Automatic Pairing
- Improved Ergonomic Design
- Tuned by Grammy® Winning Sound Engineer
