

Data Sheet

Heat shrinking solder splices connector set 1 pc(s)

Technical data

Shrink ratio: 2:1

30pcs x butt connector with shrink tubing 0.08 - 0.22 mm² bundle diameter 1.7 mm white

30pcs x butt connector with shrink tubing 0.34 - 0.75 mm² bundle diameter 2.7 mm red

20pcs x butt connector with shrink tubing 1 - 2.5 mm² bundle diameter 4.5 mm blue

10pcs x butt connector with shrink tubing 4 - 6 mm² bundle diameter 6 mm yellow

- Adhesive lined waterproof for wiring splices
- Operating Temperature: -55°C ~ +125°C
- Fully recovery temperature at : +80°C
- Starting temperature of solder melt : +138°C
- Temperature of fully solder melt at : +160°C
- Breakdown Voltage : 1kv

Contact material: Tin

Insulation type: Insulated
