

Electronic brake fluid tester

Article No.: BT706001

EAN: 4042146781616

DESCRIPTION

- For determining the water content in brake fluid
- Includes 1 x 1.5V AAA battery

The BRILLIANT TOOLS brake fluid tester BT706001 is suitable for electronically determining the water content in brake fluid. Its compact shape allows service technicians to carry it in their pockets along with them. The brake fluid's status is quickly determined and displayed as one of five levels (green - yellow - red).

- Green: Battery ok, no water content
- Green - yellow: < 1% water content
- Green - yellow - yellow: approx. 2% water content
- Green - yellow - yellow - red: approx. 3% water content - brake fluid change recommended
- Green - yellow - yellow - red - red: at least 4% water content - DANGER! Brake fluid change needed!

PROPERTIES

Weight [g]:	3220
Packaging height, mm:	30
Battery rechargeable:	No
Lithium battery included:	No
Voltage battery:	1.5
Packaging width, mm:	68
Packaging length, mm:	222
Number of batteries required:	1
Battery included:	Yes
Battery composition:	Alkali-Mangan (Alkaline)
Battery type:	AAA
Weight battery:	0.011
Weight class battery:	class1 (up to 15g)
