

## Hook Assortment (White or Silver Color) Item-No.: 22SA052 / 22SA053

This universal assortment of hooks with thread is particularly suitable for fixing objects to ceilings and walls such as clocks, lamps, pictures, tools, mirrors, keys, furniture, curtains, wardrobe, clothes, clotheslines - or generally as equipment and spare parts in households. Screw hooks can be easily applied directly, for example, in wooden substrates, or even with dowels, and depending on the design and fastening can carry several kilos. The open 3/4 circle can hold objects, eyelets, loops, lines and many other suitable items. Due to the high quality finish of zinc-plated steel, QUADRIOS screw hooks score with good resistance

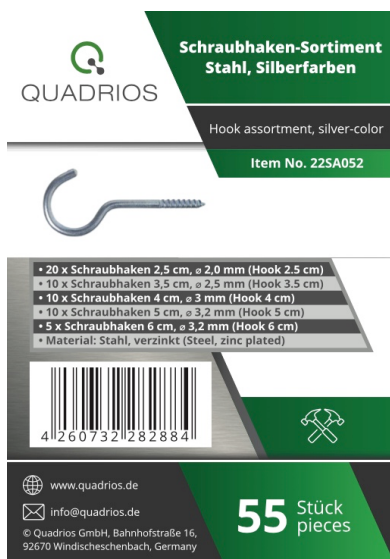

to adverse environmental conditions, humidity and mechanical stress. All ceiling and wall hooks are sorted by type and stored neatly in a sturdy, small box. The set can be easily opened and closed again. Available silver-color or white plastic coated.

**Technical data:** PP assortment box with reclosable lid (dim.: 13.5 x 10.0 x 2.8 cm) • Contents: 55 screw hooks • Material: steel, zinc plated.
