EAN-Code	0194644132880	UVP	379,00 €

# L35 Hybrid

Smart Cleaning, Enjoyable Living

- iPath™ Laser Navigation
- Ultra-Strong 3,200 Pa Suction
- Multi-Floor Mapping
- Electronic Water Tank

## iPath™ Laser Navigation

RoboVac uses advanced LiDAR technology and a Z-shaped cleaning route for accurate and efficient cleaning.

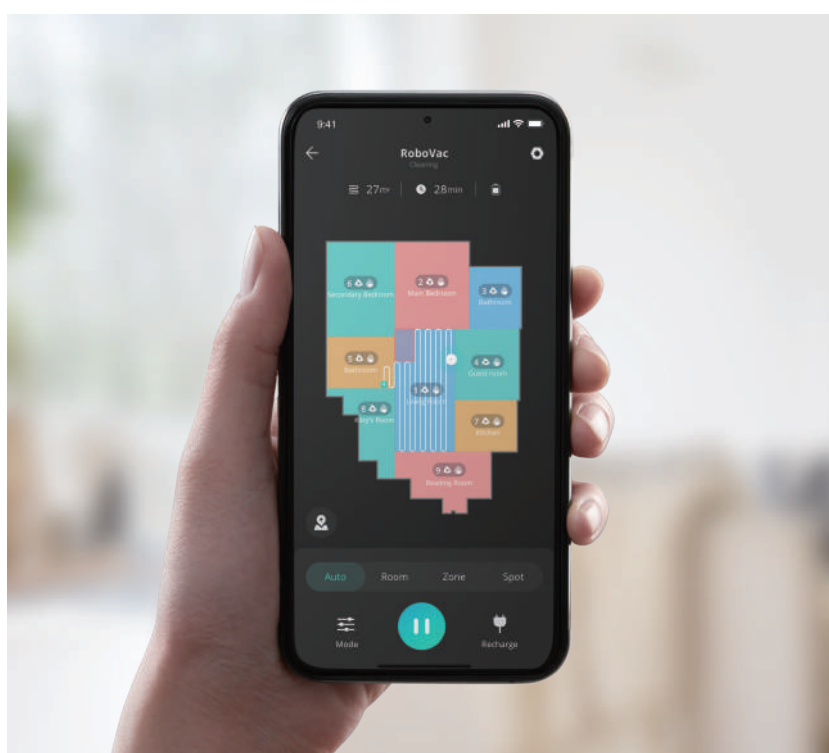

## Ultra-Strong 3,200 Pa Suction

RoboVac effortlessly sucks up debris from hard floors and carpets for a deeper clean.

## Multi-Floor Mapping

RoboVac automatically recognizes up to 3 levels in your home and saves the custom cleaning preferences for each floor.

## Convenient App Control

Use the app to customize your cleaning plans for different rooms.

## Electronic Water Tank

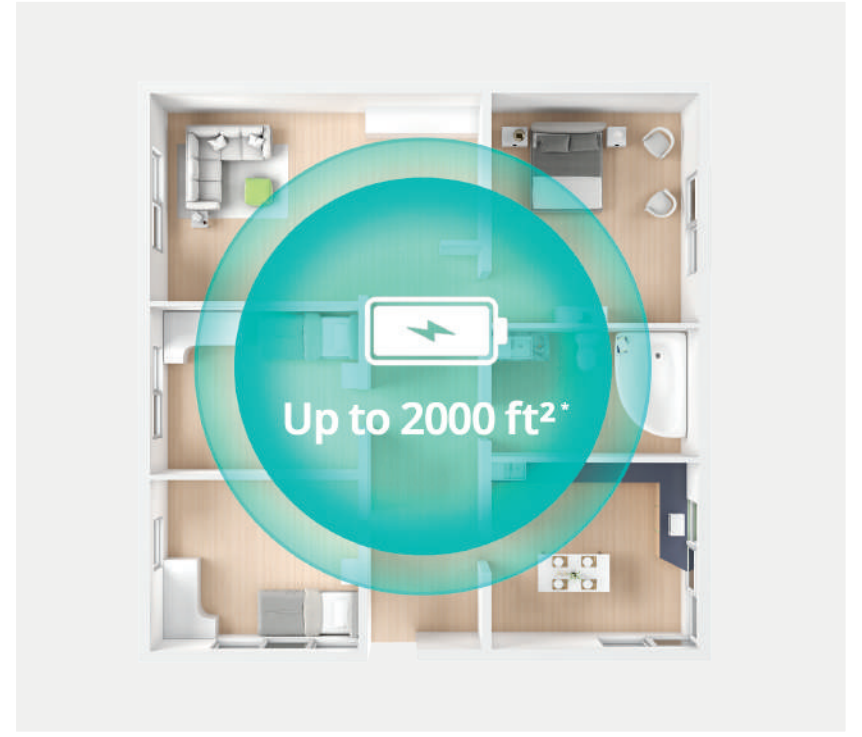

Choose a suitable water flow for your floor for a thorough clean and avoid using too much water or leaving water stains.

## 2-in-1 Vacuum and Mop

Vacuum and mop simultaneously, plus set the water level for a clean that suits your floor type.

## Climb Higher

RoboVac can easily climb over thresholds and rugs up to 20 mm thick without getting stuck.

## BoostIQ™ Technology

Suction power is automatically increased when RoboVac detects a change from hard floors to carpets—ensuring a consistently deep clean.

## Up to 2000 ft²\*

Effectively clean multiple rooms and areas.
