

UNIVERSAL MOBILE CHARGING STATION

Traveler Set

Adapter

UK 13A Single-phase
Schuko 16A Single-phase
CEE 16A Single-phase
CEE 32A Single-phase
CEE 16A Three-phase
CEE 32A Three-phase

One charger for all possible outlet.
All adapters for every conceivable European outlet.

Mobile charging station traveler set

Designed for extreme flexibility, the charger offers the convenience of charging wherever AC and 3-phase power are available, provided you have the appropriate socket adapter.

The charger automatically detects the adapter and the current limitation accordingly. This makes it impossible to accidentally set a charging current that is too high

Thanks to the touch screen, you can select the performance phase and freely set the current setting

Highlights & Details

Winner of the iF Design Award 2021

EV charging cable with universal adapter kit for charging e-cars at different sockets with Type 2 plug

High charging power up to 3 phase 16kW

Adjustable phase and current, time and delay setting

Facts

6 socket adapters:

CEE red max. 16A (three phase)

CEE black max. 16A (single phase)

CEE red max. 32A (three phase)

CEE blue max. 32A (single phase)

CEE 7/7 plug max. 16A

UK plug max. 13A

Universal adapter with automatic recognition (the charger will automatically recognize the adapter and the current limit accordingly)

Over voltage protection

Under voltage protection

Over load protection

Short circuit protection

Earth leakage protection

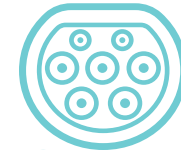

Over-temperature protection

Lightning protection

LED indicator light for charging status

Touch LCD display

IP degree: plug (IP20), box (IP66), EV connector (IP54)

6m

TYPE 2

32A

16kW

PC050EV

MODEL Y

Charger connectors	Type 2
Charging mode	Mode 2
Charging current	32 A
Charging capacity	16 kW
Nominal voltage	400 V, 230 V
Cable length	6.00 m
IP rating	IP66
Colour	Black
Width	300 mm
Height	66 mm
Depth	86 mm
Weight	7.5 kg
Type A	PG connector, UK connector, CEE connector (5-pin, 32 A), CEE connector (3-pin, 32 A), CEE connector (5-pin, 16 A), CEE connector (3-pin, 16 A)
Type B	Type 2
No. of phases	3-phase
Nominal current	16 A, 32 A
Sustainability / eco-friendliness	Plastic free packaging
Product type	Mobile electric car charging station
