| Article: | NetPeppers Abwurfbehälter für Glasfaserreste |
| Art. No.: | NP-FIBER-DISCCONT |
| EAN: | 0725844670089 |
| Short text I: | The NetPeppers discard container for fiber optic residues for safe handling of fiber optic residues during assembly |
| Gross weight (kg): | 0.016 |
| Width (m): | 0.054 |
| Height (m): | 0.087 |

The NetPeppers discard container for fiber optic debris is designed to ensure safety during fiber optic splicing. Accumulated fiber cuttings during the splicing process or connector installation pose a risk of injury if they penetrate the skin or mucous membranes. With the NetPeppers fiber optic tweezers (not included), these fiber remnants can be picked up and safely stored in the discard container. The fiber residues are reliably held inside even when the container is open, e.g. when it is knocked over. If the container is full, it can be closed irreversibly to prevent accidental opening.
