

ESD Clean-STAT

ESD-Surface Cleaner

For daily manual or mechanical cleaning of ESD surfaces. Powerfully dissolves oils, greases, resins, waxes, insect dirt, food residues, soot. Cleans all water-resistant coverings such as synthetic rubber, linoleum, PVC, rubber, tiles, wood, matt natural stone in a gentle and non-abrasive manner.

Application: Depending on the degree of soiling (**100-500 ml to 10 liters of water**). Damp mop the floor and allow residual moisture to dry.

- Preserves the conductivity of ESD surfaces
- Leaves no insulating residues
- Surfactants biodegradable
- Economical in use, unlimited storage time
- Ph-neutral, gentle to materials and skin, pleasant citrus scent

Must not get into the hands of children.

In case of contact with eyes, rinse thoroughly with water.

ESD Clean-STAT contains:

- 5-15% non-ionic surfactants
- <5% anionic surfactants
- preservatives (2-BROMO-2-NITROPROPANE-1,3-DIOL, METHYLISOTHIAZOLIONE, GLUTARAL)
- Fragrance (LIMONE).
- 5-Chlor-2-methyl-2H-isothiazol-3-on.
-

May cause allergic reactions. Do not store below 5°C.
