

Data Sheet

Solar cable 1 x 6 mm²

- Solar cables are weather, abrasion and UV-resistant photovoltaic cable
- Halogen Free
- Low Smoke
- Apply for the connection of solar panels among themselves and as extension cable between the individual module strings or the DC/AC inverter

Technical data

Cross section (each core): 6 mm²

Cross section: 1 x 6 mm²

Outer dia.: 5.8 mm

Color: Black

Nominal voltage: AC 1000V, DC 1500V

Ambient temperature: -40 °C ~90°C

Max. temperature at conductor: 120°C
