

# BookArc Flex

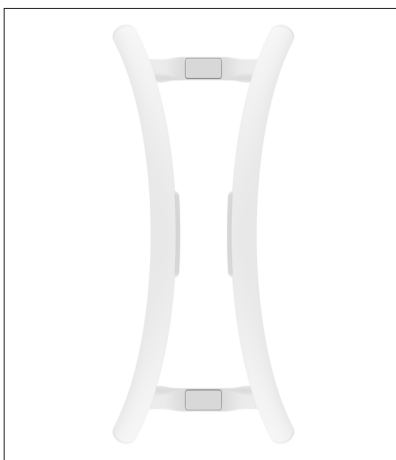

vertical desktop stand

## BookArc Flex. The original vertical MacBook stand reborn.

BookArc, our very first product, is reborn as BookArc Flex, a stunningly beautiful vertical MacBook stand. BookArc Flex maximizes desk space by holding your MacBook vertically while connected to a monitor, keyboard and mouse, turning your MacBook into desktop. Place your MacBook inside and your laptop's own weight draws the stand's supporting arcs together. BookArc Flex cradles the Mac you have now, and in the future because it automatically adjusts to any size laptop up to 1-inch thick without additional inserts. Streamline your desk with BookArc Flex.

### What makes this beautiful stand so special?

- Holds MacBook vertically, freeing up desk space
- Compatible with any MacBook or laptop up to 1-inch thick
- Makes room for a large displays, even on smaller desks
- Available in Matte Black, Matte White and Chrome
