### NRGkick Smart Plug attachment Type 2 Product type 9399

Intelligent Smart Plug Attachment for NRGkick for connection to charging stations Type 2, suitable for the patented high-level safety connector system of the NRGkick charging unit

- **max. charging current up to 32 A, corresponds to max. charging power of up to 22 kW**
- **Enables charging at public charging points**
- Temperature monitoring+ connection overheating-protection
- Automatic Smart Plug attachment recognition for your safety
- Avoiding arcing through automatic hot-unplug detection
- Protection from wronglywired sockets
- Additional LED indicator on connector unit
- Optimal haptics
- LWH 150 x 70 x 63 mm

**inter BÄR No.**

9399-001.01

**Technical modifications reserved!**
