# JOY-iT

HEAT SINK SET
for Raspberry Pi and other single-board computers

Optimize the performance of your Raspberry Pi with our high-quality heatsink set. Designed for perfect protection in demanding temperature environments or for CPU overclocking, this set includes three self-adhesive heat sinks made of high-quality material.

The simple installation and universal applicability make it the ideal partner. Thanks to passive cooling, our set ensures effective heat dissipation without additional energy consumption or noise. Experience maximum performance and reliability, even under extreme conditions.

MAIN FEATURES	
Color	Black
Functions	3 heat sinks for perfect protection in difficult temperature environments or when overclocking the CPU
Special features	Self-adhesive heat sinks
	High quality material
	Universally applicable
	Simple assembly
	Passive cooling
Compatible with	Raspberry Pi A, B, B+, Model 2, Banana Pi, pcDuino and many other single-board computers

FURTHER INFORMATION	
Dimension (Large heat sink)	14 x 15 x 5 mm
Dimension (Small heat sinks)	8 x 8 x 5 mm
Weight	4 g
Item number	RB-Heatsink-B
Scope of delivery	1x large heat sink, 2x small heat sink
Customs tariff number	8473308000
EAN	4250236827988
