

A high-quality racing simulator cockpit setup. It features a black racing seat with a high backrest and side supports, mounted on a sturdy black metal frame. The seat is positioned in front of a large monitor that displays a vibrant racing game scene with a red sports car on a snowy mountain track. The monitor is mounted on a swivel arm that is part of the cockpit's frame. The cockpit includes a steering wheel, a gear shifter, and a handbrake, all mounted on the frame. The background shows a wall with a hexagonal pattern of light-colored tiles and a framed picture of a racing car.

LogiLink®

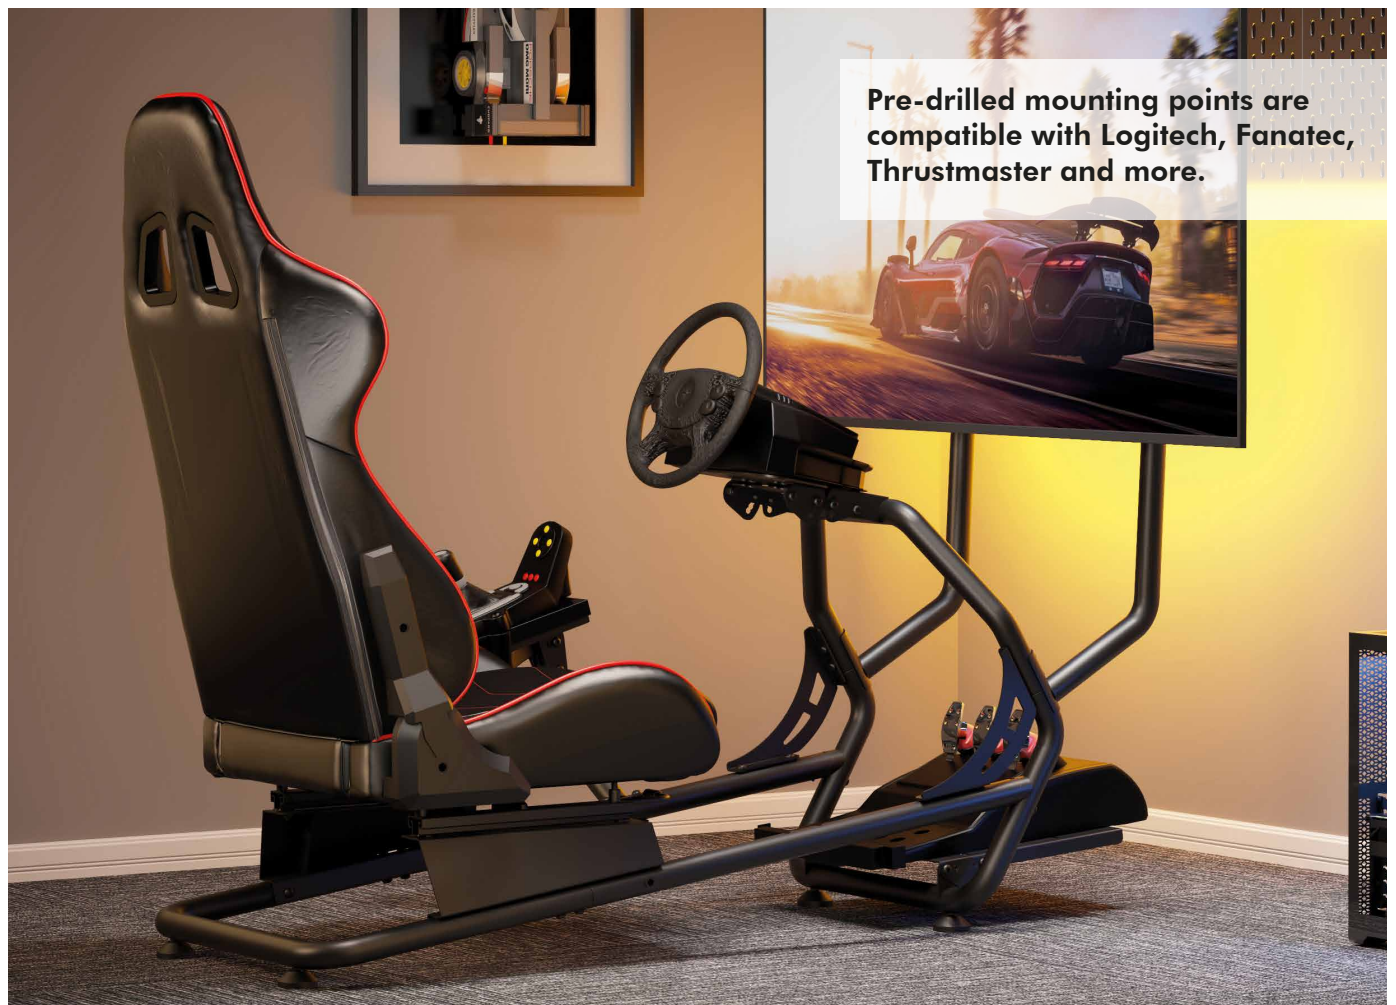

Racing Simulator Cockpit with Monitor Mount

Art. No.: EO0065

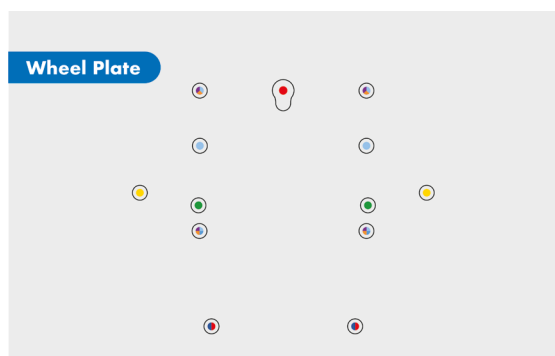

TAKE THE NEXT STEP IN YOUR SIM RACING JOURNEY WITH LOGILINK SIM RACING SOLUTION
