1 Software Update

1.1 Step One- Install the Update Client

1. Visit www.videntech.com to download the update client from <http://www.videntech.com/support/>

2. The file downloaded will be a compressed zip file. Open that file and run the installer inside it.

Alternatively, you can install the update client from the CD that comes in the product package.

1.2 Step Two - Create Your Vident Account.

Firstly you need to create an account with Vident.

1. Once installed, boots up the iScanzilla software, click the Register button.

2. Fill out the registration form and submit.

A screenshot of the 'Create Account' form on the Vident website. The title is 'Create Account' and the subtitle is 'Create a new Vident online account here.* Indicates required field'. The form contains several input fields: '* User ID :', '* Password :', '* Confirm Password :', '* First Name :', '* Last Name :', 'Address :', 'State/Province :', 'City :', '* Country :', '* Phone :', '* Email :', and '* Captcha :'. The captcha field shows the text 'p2Jz' and a link 'Click image to refresh'. At the bottom of the form is a large red 'SUBMIT' button.

Alternatively, you can click the Sign Up button on the right upper side of our website to create an user account.

1. When logged in iScanzilla, click the 'Register Products' icon.

2. On the 'S/N Registration' tab, put a tick in the box marked '001' then enter the product's serial number & password, and click Submit. Please connect the scan tool with computer through the USB cable, select Setup > About to check the Serial Number and 'Register Password'.

1.4 Step Four – Download and Install Diagnostic Software

1. Now close the iScanzilla software, remove the TF card from your tool (making sure the tool is turned off first!) and connect it to the PC via a TF card reader.
2. Once Windows has detected the TF card, run the iScanzilla software and login again. After a few seconds, a list of the available software updates will appear.

Please select only one software you want to update, as you can ONLY have access to the update of this manufacturer in the future once it's been selected initially. In case you want to install any other vehicle software, please contact us or sign in your member center to purchase. Please refer to next chapter to buy extra software.

3. Click the Update button to download and install the software.

4. Once the software installed, you can go to Software Management to review the installed software.

2 Buy Extra Software

iLink400 is authorized with one free software when delivery and can cover up to six vehicle makes. More software can be added anytime at extra cost. You can contact the reseller or following the steps below to buy extra software.

Buy Extra Software

Step 1/6

1. Log in at our website www.videntech.com and go to your **Member Center**, click **Registered Products**.

Buy Extra Software

Step 6/6

- Log in the update client iScanzilla. When the payment has been made successfully, the software you purchased would be listed in the available updates list for you to download.

3 Software Renewal

If your free updates ran out, your tool will continue to function - it will not 'time out' - but you will no longer be able to access the update servers. Should you wish to continue updating your tool, you will need to purchase an update package. Please go to our website and log in to process the purchasing.

It's very easy to print out the test result through iScanzilla.

- A screenshot of the Vident website's login page. The background is a blurred image of a car's dashboard. In the top right corner, there are browser window controls (minimize, maximize, close). The Vident logo, consisting of a red square with a white stylized 'V' and the word 'VIDENT' in bold black letters, is centered at the top. Below the logo is a white login box. Inside the box, there are two input fields: the first has a red icon of a person, and the second has a red icon of a key. Below these fields are two buttons: 'Sign in' and 'Register'. To the left of the 'Register' button is a checkbox labeled 'Stay signed in'. To the right of the 'Sign in' button is a blue link that says 'Forget password'. In the bottom right corner of the image, there is a black Vident diagnostic tool with a screen and several buttons, connected to a car's OBD port.
