

Polyamide Screws Nuts Washers Assortment 530 Parts Item-No.: 25SA101

This range of polyamide screws, washers and nuts is ideal for a wide range of applications. The optimum equipment for the workshop, laboratory, school facilities, development offices or the private household - with the 530-piece set you are well equipped.

In contrast to many other plastic screws, the polyamide material has a number of advantages to offer:

- High corrosion resistance
- High material strength and durability
- UV-resistant
- Temperature resistance
- Shock and friction resistant
- Insensitive to many solvents and acids
- Flame retardant
- Electrically non-conductive
- Low weight

The natural-colored screws with lens-head are suitable for Phillips screwdrivers. Nuts and washers complete the clearly laid out compilation to form an "all-round carefree package" and make the range a good basis for your equipment. All data on the included parts is described again on the inside of the lid to facilitate quick selection and keep things tidy.

Technical data: Material: Polyamide 6.6 • Temperature range: -20 ... 85 °C • Melting temperature: >220 °C • Color: Nature/White • RoHS compliant, REACH compliant.
