Night Fishing Cover

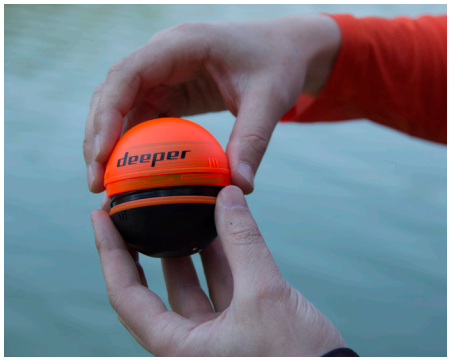

A Night Fishing Cover is engineered specifically for Deeper Smart Fishfinder and Deeper Smart Sonars to maximize a device functionality and enable its usage at night. The Night Fishing Cover allows a bright flashing LED light to pass through its translucent orange cover, so it can be distinctly seen at a distance and in the dark.

How to use:

1. Take off the original cover and change it with the translucent one.

2. Screw the Night Fishing Cover up firmly, so the waterproof marks on Deeper device and the translucent cover match perfectly.

3. Turn on Night Fishing Mode on Deeper App and an ultra bright LED will lighten up.

Night Fishing Cover is an irreplaceable for foggy rainy weather. The bright orange cover ensures that Deeper device is visible in any weather conditions at any time of the day.
