

VM75

5.0" Video Baby Monitor

Two-Way Talk

Room temperature monitoring

Infrared night vision

Lullabies

See and hear your baby from anywhere

The Motorola VM75 is a simple video baby monitor with everything you need. Get a clear view of your little one on the large, 5" display screen. Use the remote pan scan and digital tilt, to oversee the entire room and zoom in on baby to get a better view. Always hear what's going on in the nursery with two-way talk, and speak to your baby, without having to be in the room. Monitor the nursery's room temperature, so you can always be sure your little one is comfortable. Choose from 5 preloaded lullabies to soothe your little one and help them sleep. Always stay connected to what matters most.
