Monitor what matters

Rest assured that your little one is always safe and sound with the Motorola 5" VM50G. Keep an eye on things with the ergonomic parent unit, which boasts a large 5" diagonal color screen and impressive 1000ft/300m range, and clearly communicate with your partner or child using the two-way talk feature. See the whole room clearly, day or night, with digital zoom and infrared night vision. Hear your little one when they need you with the high sensitivity microphone, and know whether their room is too hot or too cold with the convenient room temperature display.
