

ET SOLDERING TIP SET

ETA, ETB, ETC, ETP, ETSL

ORDER NO: T0054104699

Genuine Weller WE1010 5 Pack ET Soldering Tip.

The Weller genuine ET Series Tips are designed to be used with the WE1010 Soldering Station which is a professional station that performs high efficiency and precision soldering applications.

+ KEY FEATURES

> EFFECTIVE HEAT TRANSFER

High quality copper core delivers effective heat transfer to the solder point

> LONGER LIFE

Iron and chrome plating extends the service life of the soldering tip

> WELLER GENUINE TIPS

Weller genuine ET tips have a long life, which reduces the total cost of ownership for WE1010 Series Soldering Station. Over time, this soldering station could even pay for itself through decreased costs for tips and maintenance.

> HIGH QUALITY SOLDERING

Genuine Weller Tips designed to work with the WE1010 Series Soldering Station and offers temperature stability and a temperature lock feature that provides tip, component and printed circuit board protection as well as repeatable soldering results

> DESIGNED FOR USE WITH

Weller ET Soldering Tips are designed to be used on the following Weller Soldering Station Models: WE1010, WE1010EDU, WES51/50, WESD51, LR21

> PREVENT SEIZURE TO SENSOR

Weller ET series soldering tips offer a Stainless Steel cup in the sensor opening to prevent seizure to the precision temperature sensor of the WEP70 soldering iron
