

Fluid Pro AI

Multi-Device Gimbal Stabiliser With AI Tracking

Get video stabilisation plus the power of AI subject tracking with this premium gimbal that works with mobile phones, GoPro cameras and some compact point-and-shoot cameras. It automatically tracks your subject throughout your shot using an attached sensor with a built-in fill light. Built strong, it can support the heavier weight of setups with lenses, filters and camera accessories while smoothly tilting, rolling and panning. A long battery life¹ allows the gimbal to also serve as reserve power for your phone or camera.

What's Included

- Gimbal
- AI Tracking Module
- Mobile Phone Mounting Bracket
- GoPro Camera Mounting Bracket
- GoPro Finger Adapter
- Thumb Screw
- Tripod Base
- Gimbal USB-C Charging Cable
- Camera USB-C Charging Cable
- Zip Case

Compatibility

- GoPro cameras (Bluetooth functionality only with HERO13 Black, HERO12 Black, HERO11 Black, HERO10 Black and HERO9 Black)
- Mobile phones
- Select compact point-and-shoot cameras

Features + Benefits

- Professional 3-axis gimbal with interchangeable mounts works with mobile phones, GoPro cameras and some compact point-and-shoot cameras
- Forward- or rear-facing AI subject tracker module locks onto a person's face or body to automatically track them in the frame with precision
- Robust construction supports the weight of a camera and accessories up to 400 g
- Ultra-stable orthogonal motor design supports a 320° tilt and unlimited 360° pans

Features + Benefits

- Integrated fill light helps balance the light in your shot for more professional results
- Long-lasting battery¹ and USB power-out port turn the gimbal into a power bank so you can charge your phone or GoPro camera while you use them

- Wirelessly controls your phone camera's shutter, zoom and focus, and your GoPro's shutter and mode (select camera models)
- GoPro Fluid app leverages your phone's wireless connection to the gimbal to provide creative video and photo capture tools
- Backed by GoPro's Limited Lifetime Warranty

LIMITED LIFETIME WARRANTY: GoPro warrants this product for its useful life (not to exceed two years for products with electrical or electronic components) against deficiencies in material and workmanship. This LIMITED LIFETIME WARRANTY does not cover products that are improperly used, abused, altered or repaired. Products found to be defective within the warranty period will be repaired or replaced at the discretion of GoPro. GoPro reserves the right to make all determinations under this warranty. Products failing due to normal wear and tear, abuse or natural breakdown of materials over extended use and time may be repaired or replaced for a fee. For product support, please visit gopro.com/help.

¹Battery lasts up to 18 hours when using the gimbal only; up to 11 hours when using the gimbal and AI tracking; and up to 6 hours when using the gimbal, AI tracking and fill light at 100% capacity.

EU REACH SVHC Disclosure on Candidate List REACH (Registration, Evaluation, Authorisation, and Restriction of Chemicals, EC 1907/2006) is the European Union's (EU) chemical substances regulatory framework, also applicable in the UK as retained EU legislation. REACH requires GoPro to provide customers with sufficient information on Substances of Very High Concern (SVHC) contained in products in concentration above 0.1% weight by weight (w/w) to allow safe use of the product.

Substance of Very High Concern (SVHC)		
Substance Name	CAS Number	Comment
Triphenyl phosphate	115-86-6	May be contained in some plastic parts.
