

# PRO-LINE® WP

Liquid paint marker  
for wet surface marking

The PRO-LINE® WP is a liquid paint marker engineered for enhanced marking performance and adhesion on wet surfaces. The fast-drying formula resists spreading and running when in contact with water or water-based fluids to leave a bright, permanent mark.

- Specially formulated paint resists running or spreading on wet or damp surfaces to leave permanent, highly-visible marks
- Xylene-free paint reduces user health risks
- Low in V.O.C.'s and will not contribute to ground-level ozone
- Metal barrel and fiber tip provide durability for longer marking life
- Marking range: -46°C to 66°C (-50°F to 150°F)

#### Industry uses:

- Machining shops
- Stamping works
- Plasma cutting
- Metal fabrication
- Ship building and repair
- Oil and gas
- High-humidity climates
- Aviation and aerospace

#### Surfaces uses:

- Steel and iron
- Aluminum
- Pipes and tubes
- Plastic
- Glass
- Rubber
- Ceramic
