

DATASHEET

F5 Filter Mat, 5pcs/pak

Overview

Features

The filter mats ensures reliable air filtration of all types of dust and effectively protects the interior of the control cabinet from contamination.

- F5 IP55 filter mat for filter fan
- Water-resistance
- Low airflow velocity resistance
- High dust capture capacity
- Good air flow penetration uniformity
- High arrestance efficiency (majorly capture of particles of 0.3 or 0.5 μm)

Technical data

Item No.	Utility	Dimensions (L x W x H) (mm)
3594067	Series 106 x 106 mm filter, spare filter for TC-F120-F, TC-SFFC106	82 x 82 x 11
3594068	Series 150 x 150 mm filter, spare filter for TC-F152-F, TC-SFFC150	116 x 116 x 11
3594069	Series 200 x 200 mm filter, spare filter for TC-F204-F, TC-SFFC200	168 x 168 x 11
