Active Max

In a world where getting started is the first step toward lasting change, the Active Max is designed to help fitness users confidently move beyond the basics. As the newest member within the Active family, it blends a bold 1.5" display, powerful 25-day battery life, and advanced training tools that keep you inspired and on track. From conquering your first 5K to powering through daily workouts and weekend adventures, Active Max keeps you focused, fired up, and moving toward your goals – every step of the way.

BioCharge™ Energy Monitoring.

Get to know your body better every day. Your BioCharge™ score adjusts throughout the day based on your workouts, activities, and stress levels, to help you understand when to push harder and when to rest.

Bigger Storage. Smarter Maps.

More space means more freedom. Store your favorite podcasts, offline maps, and detailed routes for over 2,000 ski resorts, all accessible directly from your wrist.

Note: Podcast support is TBC.

Bigger Display. Max Clarity.

See your data clearly on a large 1.5" ultra-bright AMOLED display built for easy readability in any condition — from the gym to the mountains.

24/7 Health Monitoring.

Our BioTracker™ technology tracks your real-time heart rate, sleep quality, blood oxygen and stress, and delivers alerts for abnormally high or low readings of vital data.

Over 160 Sport Modes.

From strength sessions to long runs, the Active Max adapts to how you train with 160+ workout modes, strength training support, and AI coaching through Zepp Coach™.

Smart Strength Training.

Track your strength sessions with automatic rep, set, and rest detection across 25 exercise types — one of 160+ sports modes built-in to help you train hands-free and stay focused.

Bigger Battery. Max Endurance.

Go longer between charges with reliable power that keeps up day and night. With up to 25 days of battery life, the Active Max keeps up with your routine from daily workouts to weekend adventures.

Note: Battery life data is not final, estimates are based on tests conducted in lab conditions; actual use may vary.

Stay Connected. Stay in the Zone.

Make and receive Bluetooth calls from your wrist, without needing to reach for your phone. Use Zepp Flow™ to control your watch via voice commands, and send speech-to-text replies to Android messages.

Zepp App

Your free companion for tracking nutrition and fitness progress, analyzing trends, and getting personalized health insights – all in one easy-to-use app, protected by industry-leading data protection measures.
