Flir TA93

Hold & Snapshot Remote Control

https://www.flir.com/products/TA93

The TA93 Hold & Snapshot Remote Control with Probe Holder gives you convenient control of your meter from a distance, making it easier to capture images and videos exactly when needed during inspections. Its next-generation wireless functionality eliminates the hassle of reaching for your device, helping you stay focused on the task at hand. With a built-in probe holder and responsive remote operation, the TA93 enables faster problem identification, improved workflow efficiency, and reliable meter control in seconds.
