Datasheet

Manufacturer Part No.: T26CA134

Cable-Tie & H&L-Ties Set (302 parts)

It is impossible to imagine today's world of technology, electronics and mechanics without disposable plastic cable ties. As an inexpensive and reliable connecting and bundling element, the applications go far beyond fixing and bundling cables and cable harnesses! Made of high-purity polyamide, these are very stable and withstand even harsh environments, moisture or UV exposure. The also contained hook-and-loop cable-ties made of polyamide are easy to open and close again. Therefore, they are ideally suited for general bundling tasks and fixations of, for example, objects, cables, sports utensils, plants, curtains, tools and much more!

Cable Tie Tet 200 pcs Black (Single-Part-No.: T24CA070)
100 mm, 150 mm, 200 mm, 300 mm (50 per each)
Width: 3.6 mm • Material: Polyamide • Temp-Range -40 … +85 °C.

Hook & Loop Cable Tie Set 100 pcs Black (Single-Part-No.: T24CA058)
Length:100 mm, 200 mm • Width 12 mm (50 per each)
Material: Polyamide • Temp-Range -20 … +85 °C.

Precision Mechanics Pliers, Handle Red
Material: Stainless Steel • Length of the jaw: appx. 1.1 cm • Weight: appx. 55 g.

Technician Scissors, Handle Black/Red
Length 14 cm • Blade length: 6 cm • Width: appx. 6.6 cm • Material: Stainless steel, plastic handle • Rubberized inner ring.
