Technical sheet

WHEELBLOCK53

Wheel chock for heavy goods vehicles – impassable – DIN 76051-53

TPU wheel chock, designed for trucks and heavy-duty vehicles. Compliant with DIN 76051-53, this wheel chock is impassable. Equipped with an integrated handle for easy handling, it ensures the vehicle remains securely in place on all surfaces. Its contact surface is reinforced with a non-slip pad to guarantee excellent stability. Secure parking for heavy-duty trucks, trailers, buses, or utility vehicles. Ideal for logistics hubs, truck parking lots, and maintenance workshops.

Customs code	3926909700
EAN	3321360055798

Color : Yellow

Material : TPU

Specifications :

- Secure your vehicle when parked.
- Designed for heavy goods vehicles.
- Non-slip.
- Features an anti-slip pad on the underside for better grip.
