3

- WARNING:** Ensure that the wall structure is capable of supporting four times the total weight of mounted equipment. Mounting to wall surfaces that do not meet this criteria may result in an unstable, unsafe condition which could lead to personal injury and/or property damage. Consult a construction professional if you have any doubt about what this means in regard to your particular application.
- CAUTION:** Make sure the wall mount bracket is level, flush and snug to the wall surface. DO NOT OVERTIGHTEN THE BOLTS.
- NOTE:** Fasteners may unwind due to vibration caused by movement of mounting solution over time. Inspect mounting solution for loose fasteners on a routine basis. If desired, apply a light duty thread locking adhesive to fasteners before installation to prevent back-out.

- Wood:** Madera, Bois, Solide Holzbalkenträger, Massief Houten Pilaren, Due montanti in legno massiccio, 木, 木质. Drill bit: Ø 3/16" (5 mm).
- Concrete:** Concreto, Béton, Massivbeton, Beton, Cemento, コンクリート, 水泥质. Drill bit: Ø 3/8" (10 mm). Anchor: M8 x 80mm.

WARNING: Mounting holes must be at least 3-1/8" (80mm) deep and must be located within solid concrete, not mortar or covering material. If you drill into an area of concrete that is not solid, reposition mounting holes until both anchors can be fully inserted into solid concrete!

WARNING: Anchors that are not fully set in solid concrete will not support the applied load resulting in an unstable, unsafe condition which could lead to personal injury and/or property damage. Consult a construction professional if you have any doubt about what this means in regard to your particular situation.

IMPORTANT! This product will need tension adjustments once installation is complete. Make sure all equipment is properly installed on the product before attempting range of motion or tension adjustments.

IMPORTANTE Una vez instalado, este producto necesita ajustes de tensión. Antes de probar la amplitud del movimiento o realizar los ajustes de tensión, cerciórese de que todo el equipo está bien instalado en el producto.

IMPORTANT ! La tension devra être ajustée une fois l'installation de ce produit terminée. Assurez-vous que tous les équipements sont correctement installés sur le produit avant d'ajuster la plage de mouvement ou la tension.

WICHTIG! Bei diesem Produkt muss nach der Montage die Spannung eingestellt werden. Vor der Anpassung von Bewegungsumfang oder Spannung sicherstellen, dass die gesamte Ausrüstung sachgemäß auf dem Produkt montiert wurde.

BELANGRIJK! Bij dit product is spanningsaanpassing nodig wanneer de installatie is voltooid. Zorg dat alle apparatuur juist aan het product is bevestigd voordat u bewegingsbereik- of spanningsaanpassingen maakt.

NOTA BENE. Questo prodotto richiede regolazioni della tensione una volta completata l'installazione. Accertarsi che tutta l'attrezzatura sia appropriatamente installata sul prodotto prima di cercare di regolare l'intervallo di movimento o la tensione.

VIKTIG! Den här produkten kräver spänningsjustering när installationen har slutförts. Kontrollera att all utrustning är korrekt installerad på produkten innan du justerar rörelse eller spänning.

重要! この製品は取り付け完了後に張力の調節が必要です。製品を動かしたり張力調節をする前に、必ずすべての装置が製品に正しく付けられていることを確認してください。

重要说明! 本产品安装完成后需要调节张力。在尝试调节动作范围或张力之前, 确保所有设备都正确安装在产品上。

4 Adjustment · Ajuste · Réglage · Einstellung · Instellen · Regolazione · 調整 · 调节 ·

Follow these instructions to tighten or loosen tension.
 Siga estas instrucciones para ajustar o aflojar la tensión.
 Suivez ces instructions pour desserrer ou resserrer la tension.
 Befolgen Sie diese Anleitung, um die Spannung zu lockern oder zu verstärken.
 Volg deze instructies om de spanning te vergroten of verkleinen.
 Seguire queste istruzioni per aumentare o ridurre la tensione di bloccaggio.

压力を増減するには次の手順に従います。
 遵照这些说明拧紧或拧松。

WARNING

WARNING! Stored Energy Hazard: The arm mechanism is under tension and will move up rapidly, on its own, as soon as attached equipment is removed. For this reason, **DO NOT** remove equipment unless the arm has been moved to the highest position! Failure to follow this instruction may result in serious personal injury and/or equipment damage!

ADVERTENCIA: Riesgo de energía almacenada: El mecanismo del brazo está bajo tensión y se moverá rápidamente hacia arriba, por sí mismo, tan pronto como se retire el equipo acoplado. Por ello, **NO** retire el equipo a menos que esté colocado en su posición más elevada. El incumplimiento de esta instrucción puede provocar lesiones personales graves y dañar el equipo.

AVERTISSEMENT! Risque d'énergie accumulée: Le mécanisme du bras est sous tension et se lèvera rapidement, tout seul, dès que le matériel est retiré. Pour cette raison, **NE PAS** retirer votre matériel à moins que le bras n'ait été mis à la position la plus élevée! Risque de blessure corporelle et/ou d'endommagement du matériel en cas de non-respect de cette instruction!

WAARSCHUWING! Rischio da energia immagazzinata: il meccanismo del braccio è sotto tensione e si muove rapidamente da sé non appena si toglie l'apparecchiatura a cui è collegato. Per questo motivo, **NON** rimuovete l'apparecchio a meno che il braccio non sia stata portato sulla posizione più alta. La mancata osservanza di questa precauzione può causare infortuni gravi e/o danni all'apparecchiatura.

WARNING! Gefährdung durch gespeicherte Energie: Der Arm-Mechanismus der Arbeitsfläche steht unter Spannung und bewegt sich von allein und schnell nach oben, sobald das befestigte Gerät abgenommen wird. Entfernen Sie aus diesem Grund die Geräte nur, wenn sich der Arm auf der höchsten Position befindet! Eine Missachtung dieser Anweisung kann zu ernsthaften Verletzungen und/oder Beschädigungen am Gerät führen.

AVVERTENZA! Gevaar door opgeslagen energie: het hefmechanisme van het werkoppervlak staat onder spanning en verplaatst zich zelfstandig snel omhoog wanneer de bevestigde apparatuur wordt verwijderd. Verwijder apparatuur daarom **ALLEEN** nadat de arm in de hoogste stand is gezet! Als u deze instructie niet opvolgt, kan dit tot ernstig persoonlijk letsel en/of beschadiging van de apparatuur leiden!

警告: 蓄積エネルギーの危険: アームメカニズムには張力が作用しており、付属機器を取り外すと自動的に素早く上に跳ね上がります。そのため、付属機器を取り外す前にアームが一番上の位置に移動してください。この指示を無視すると、重大な人体への傷害や機器の損傷を招く恐れがあります。

警告! 储能危険: 支臂机构处于受力状态, 在拆除所安装的设备后会自行快速上升。因此, 在将支臂移到最高位置之前, 不要拆除设备! 不遵守本规定可能导致严重的人身伤害和/或设备损坏!

CAUTION: DO NOT overtighten fasteners. Overtightening may cause damage to your equipment.
Cuidado: No sobreapriete los tornillos, pues podría causar un daño al equipo.
Attention: ne forcez pas le serrage de la vis, cela pourrait endommager l'écran et/ou les attaches.
Warnung: Zu festes Anziehen der Schrauben kann zu Beschädigungen führen.
Let op: draai de schroeven niet te strak aan. Te strak aandraaien kan schade veroorzaken aan uw apparatuur.
Attenzione: Non stringere eccessivamente i dispositivi di fissaggio. Ciò potrebbe causare danni all'apparecchiatura.
 注意: 調節ネジは締めすぎないようにしてください。強く締め付けすぎると、器具が破損する原因となります。
 小心: 不要过度拧紧固定器。过度拧紧可能会损坏设备。

가

CAUTION: DO NOT remove screw. Removing screw may cause damage to equipment.
Cuidado: NO quite el tornillo! Quitar el tornillo puede causar daños en el equipamiento.
Attention: N'ENLEVEZ PAS la vis! Enlever la vis pourrait endommager votre équipement.
Achtung: Bitte entfernen Sie unter keinen Umständen die Stellschraube. Das Entfernen dieser Stellschraube führt zu Beschädigungen an Schwenkarm und Monitor.
Let op: verwijder **GEEN** schroeven! Het verwijderen van schroeven kan schade aan de apparatuur veroorzaken.
Attenzione: **NON** rimuovere le viti! Ciò potrebbe causare danno all'apparecchiatura.
 注意: ネジは取り外さないようにしてください。ネジを取り外すと、器具が破損する原因となります。
 小心: 不要拆除螺丝。拆除螺丝可能会损坏设备。
