

Data Sheet

Soldering Chart
(BBW: Black with White Stripe core)

1. Electrical requirements:
 1. The rate of conductivity is 100% ;
 No short or open circuit is allowed, no circuit missplacement is allowed.
 2. Conductor Resistance <math>< 10 \Omega</math>
 3. DC: 300V
 Insulation Resistance >math>20M\Omega</math>

* Grind the soldering point of the Copper head

Package:
 1. 1PCS/PE bag
 2. Each carton will have been packed with 500PCS products, the actual quantity of products in every carton will be based on the delivery.

No Dimension Method:				Jack connection cable Jack plug 3.5mm-cable	
X.	APPROVED	CHECKED	DRAWN	PC P/N:	UNIT mm
