9

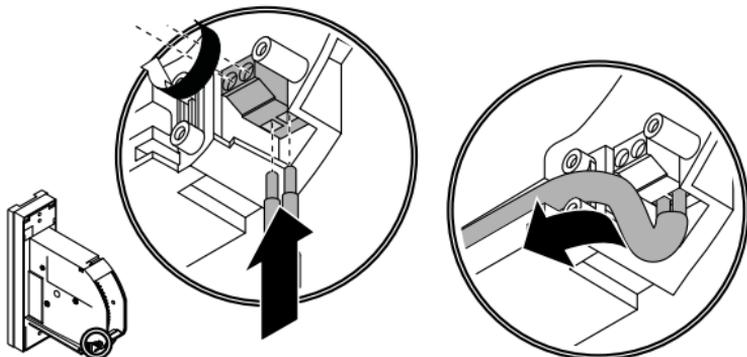

10

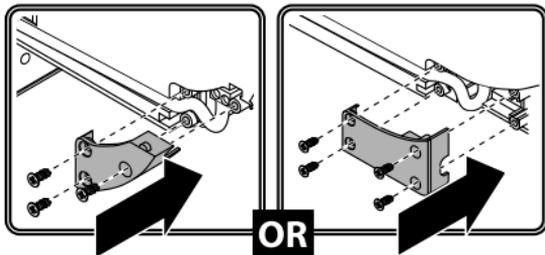

**GEFAHR!**

Montage- und Anschlussarbeiten stets im spannungslosen Zustand durchführen!

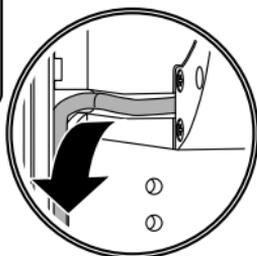

11

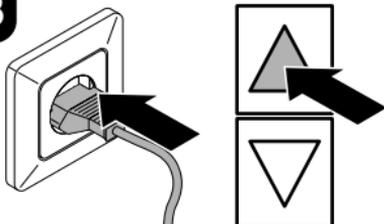

12

OR

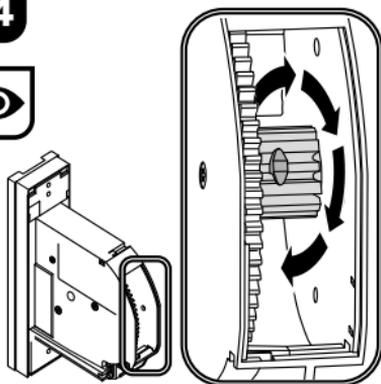

13

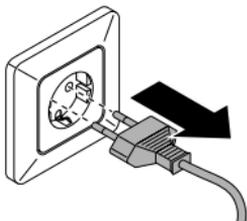

**VORSICHT!**

Nicht bei laufendem Motor in das Wickelradfach fassen!

14

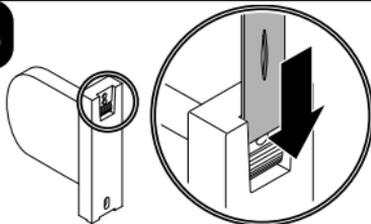

15

**WARNUNG!**

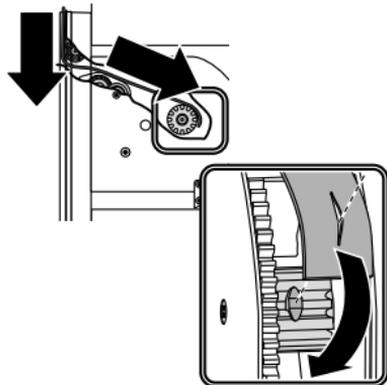

Vor dem Hineinfassen in das Wickelradfach immer den Netzstecker ziehen!

16

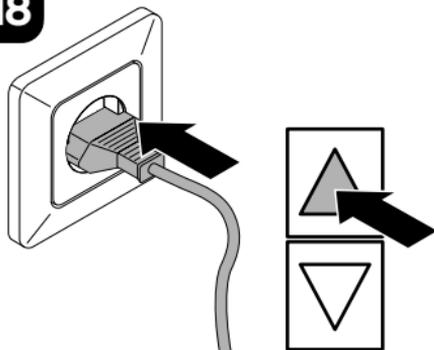

**ACHTUNG!**

Das Gurtband muss gerade und leicht laufen, Verdrehungen sind zu vermeiden. Bei schwergängigen Rollläden wird empfohlen eine Umlenckrolle an den Gurtkasten zu montieren.

18

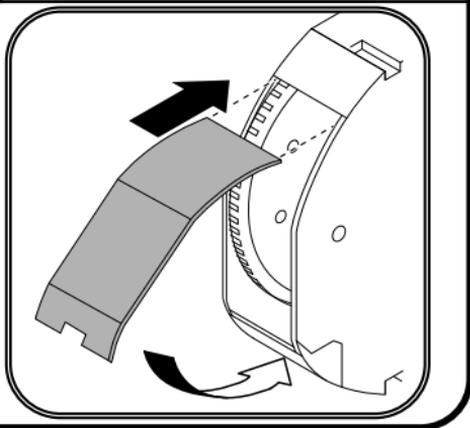

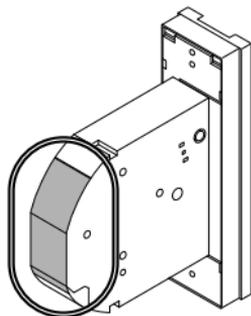

19

20

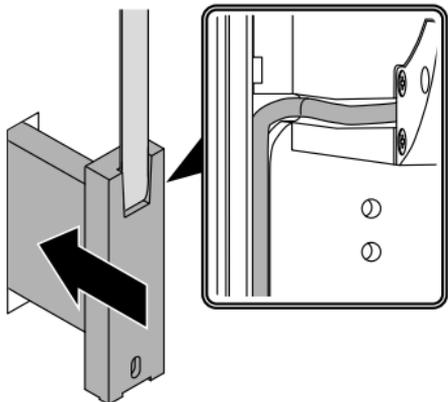

21

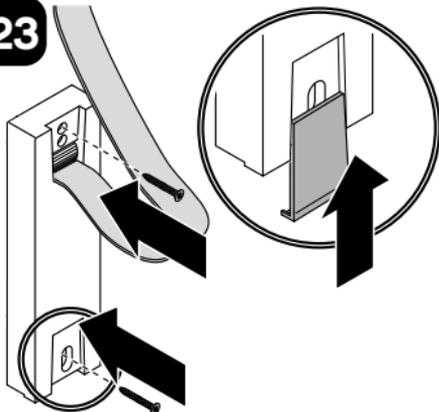

22

**WARNUNG!**

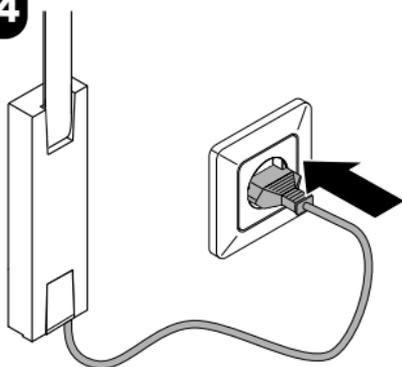

Kurzschlussgefahr durch beschädigtes Anschlusskabel. Das Anschlusskabel beim Anschrauben des RolloTron nicht quetschen oder beschädigen!

23

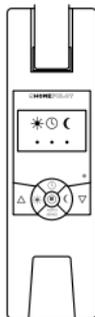

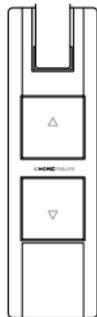

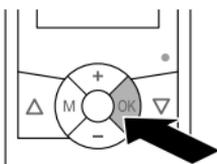

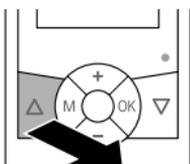

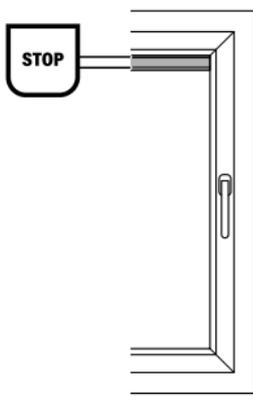

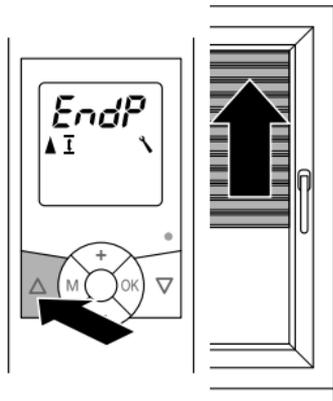

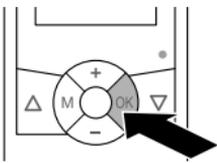

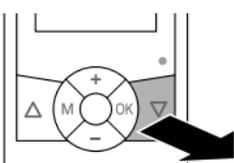

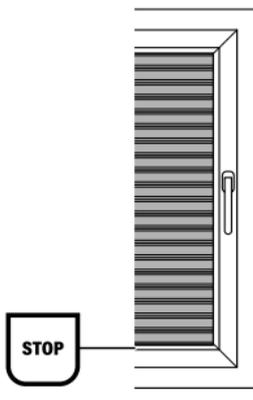

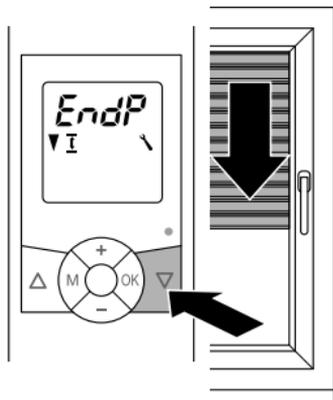

24

25

**ACHTUNG!**

- Zur vollständigen Funktionalität muss der obere und untere Endpunkt eingestellt werden. Sonst kann es zu Funktionsstörungen kommen.
- Bitte beachten: die falsche Einstellung der beiden Endpunkte kann zur Überlastung bzw. Zerstörung des Antriebs führen. Daher den oberen Endpunkt nicht ganz bis zum Anschlag einstellen! Die Tasten dabei rechtzeitig loslassen und nicht über den jeweiligen Endpunkt hinausfahren!
