1. Die Ziegelintarsien nach Muster einsetzen.
2. Nach Lösen aus der Bauteileplatte leichte Grate abschleifen.
3. Beim Einsetzen beachten: Die Intarsien sind spaltfrei geschnitten.

1. *Insert brick inlays acc. to pattern.*
2. *After removing from the component panel, grind off slight burrs.*
3. *Attention during insertion: The inlays are cut without gaps.*

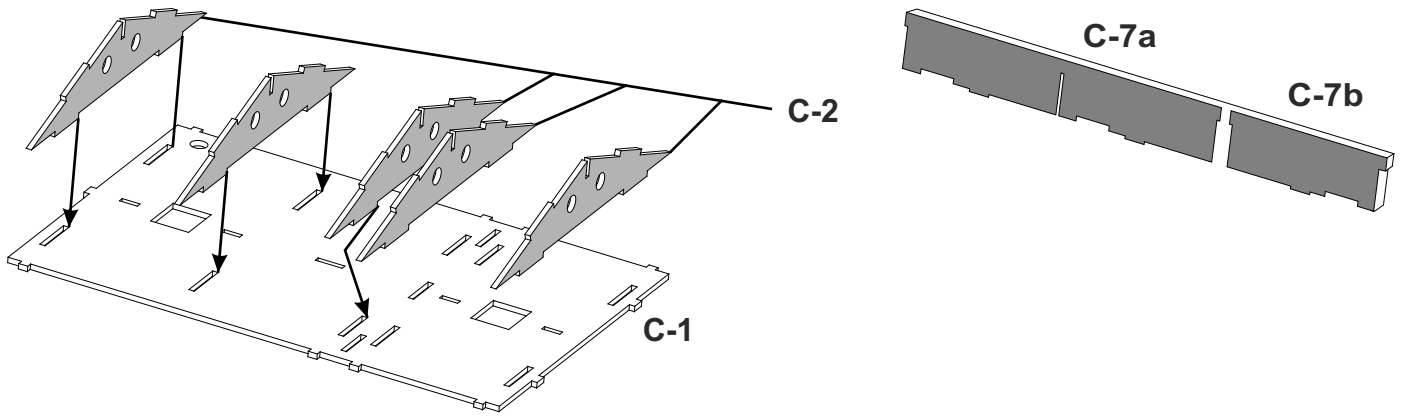

5

Torflügel offen oder geschlossen darstellbar.

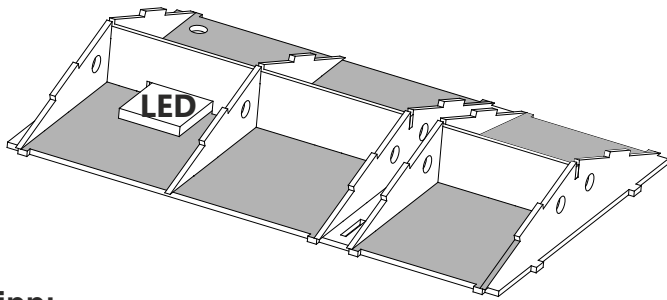

Door leaf can be displayed open or closed.

6

Montieren Sie die Bauteile C-2 auf das Bauteil C-1.
Bei gewünschter Beleuchtung, setzen Sie diese ein,
bevor die Bauteile C-7a und C-7b montiert werden.

Mount the components C-2 onto the
component C-1.
If lighting is desired, insert it, before
mounting components C-7a and C-7b.

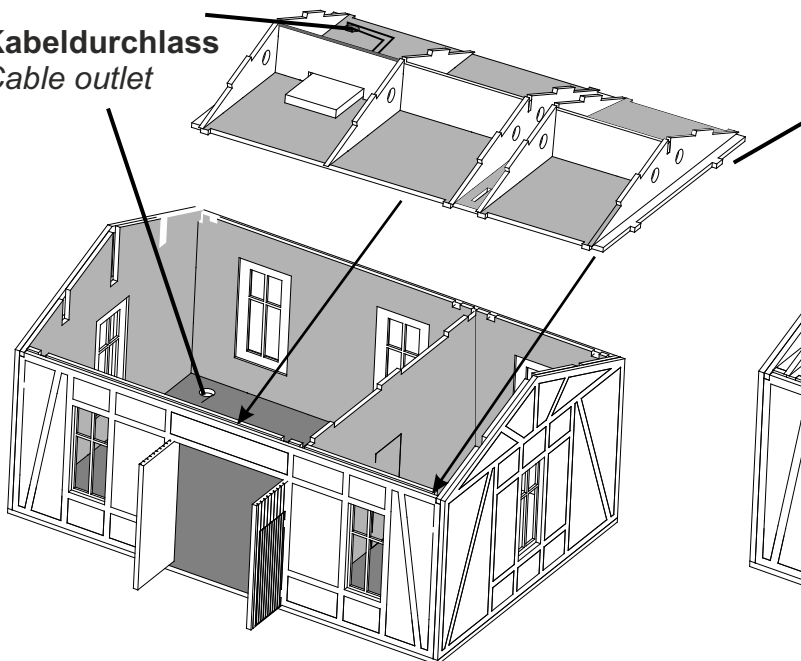

Tipp:
Zur Beleuchtung, verwenden Sie
viessmann LEDs für Etageninnenbeleuchtung,
z. B. Art. 6046 (warmweiß), Art. 6047 (gelb),
Art. 6048 (weiß).

Tip:
To illuminate, please use **viessmann**
LEDs for floor interior lighting, e. g.
item 6046 (warm-white), item 6047 (yellow),
item 6048 (white).

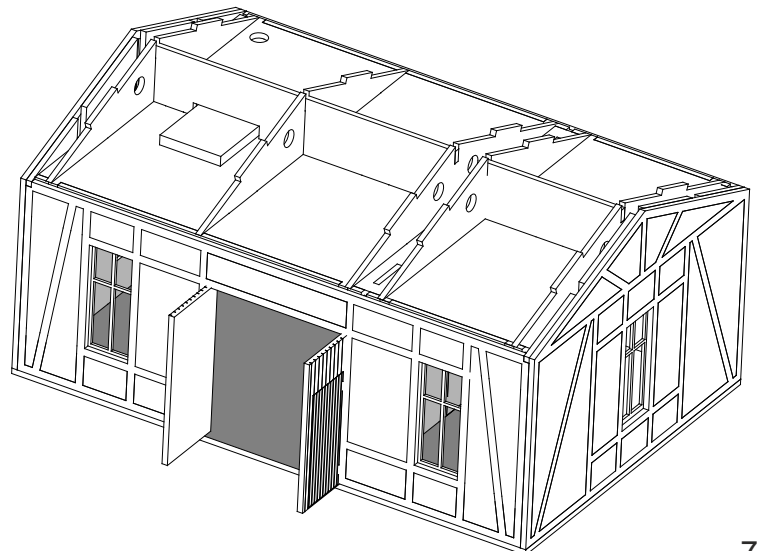

7

Kabeldurchlass
Cable outlet

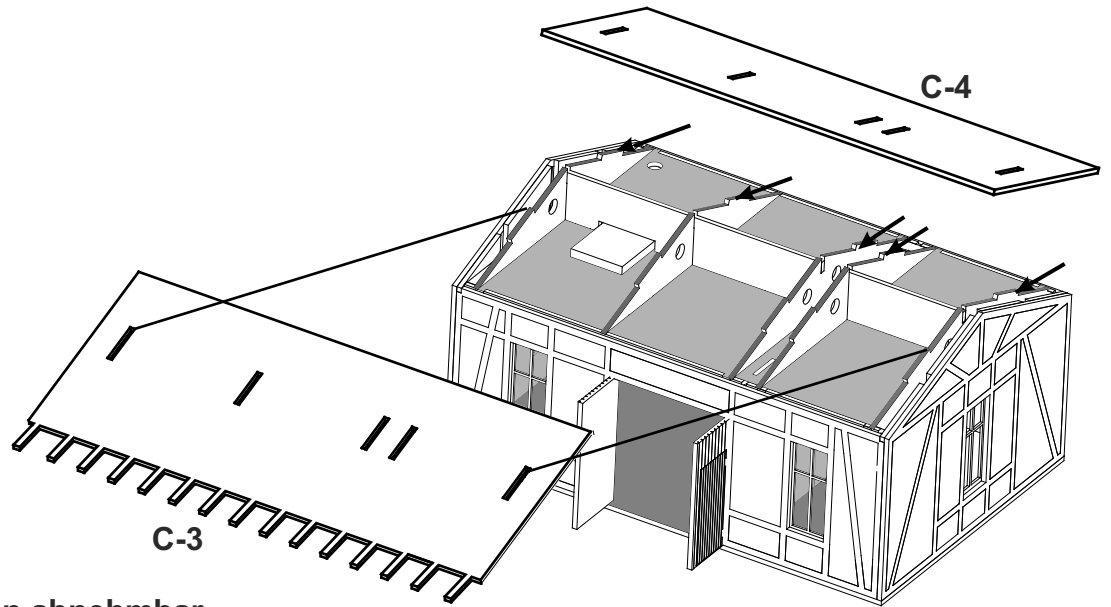

Dachkonstruktion einsetzen, wahlweise
einkleben oder abnehmbar lassen!

Insert roof construction, optionally
fasten with glue or leave detachable!

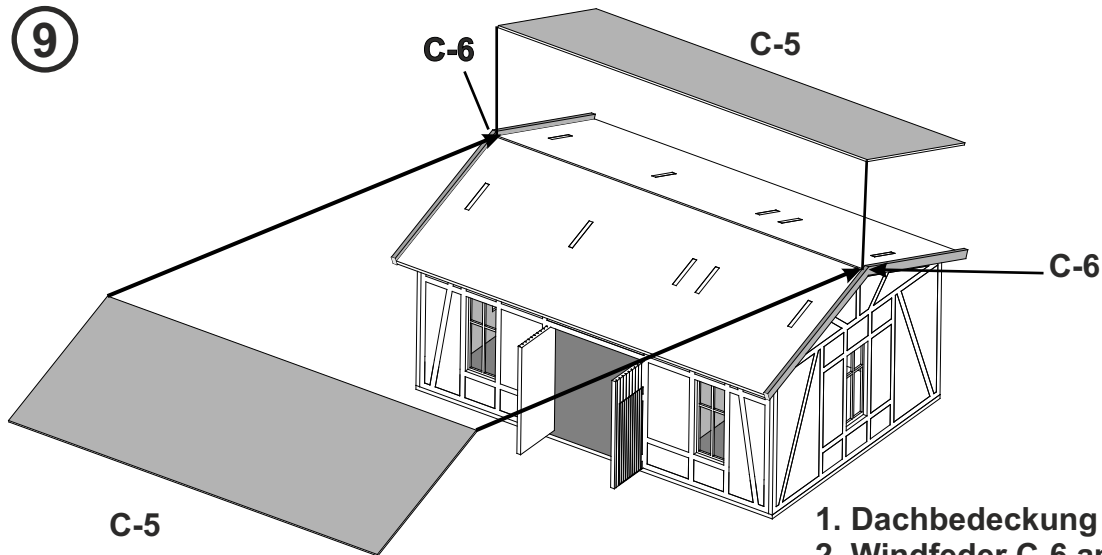

8

Um die Dachkonstruktion abnehmbar zu lassen, C-3 und C-4 nur auf den markierten Kanten kleben!
In order to leave the roof construction detachable, apply glue to the marked edges of C-3 and C-4 only!

9

- 1. Dachbedeckung C-5 flächig aufkleben.**
 - 2. Windfeder C-6 am Dachüberstand ankleben.**
- 1. Glue roofing C-5 flat on.
2. Then glue wind spring C-6 to the roof overhang.*
