

Nordic Eco Label Swan power bank 10 000 mAh, 2x USB-A, white

PB-S1000

If you're looking for a pocket-friendly (in a double sense) Power Bank, that is both effective, stylish, and sustainable – this Power Bank is for you. Small enough to fit in your pocket. Big enough to charge up to 2 devices at the same time. Even though this Power Bank has a convenient and portable size it has a powerful total output of 37 Wh.

If you're looking for a pocket-friendly Power Bank, that is both effective, stylish, and sustainable? This is small enough to fit in your pocket. Big enough to charge 2 devices. A convenient and portable size but a powerful output of 37 Wh. Let's be clear. Rome was not built in a day and a Nordic Ecolabelled Power Bank doesn't happen over a night. This Power Bank is the first of its kind to consider both the customer and the environment. The result? A portable, effective, and stylish Power Bank.

Multiple safety features

All DELTACO products have superior safety. This means that we eliminate all possible safety concerns and indemnify them with a multi-protection guarantee.

Short circuit protection

If any short route currents are detected this protection activates to protect the power bank.

Overcurrent protection

This is designed to protect the device from damage caused by excessive electrical current, which in turn improves the reliability and lifespan of the device.

Over-discharge protection

This is one of the most important features, it protects your connected device and the power bank's internal battery, increasing the longevity of the battery which in turn prevents damage to the power bank.

Over-temperature protection

Ensures the stability of the power bank. This helps to prevent potential damage or hazards that could arise from overheating.

FSC MIX packaging

This means that the packaging has forest-based material from a mix of FSC-certified forests, recycled materials, and controlled wood.
