

PILLOW SPEAKER 30 PS-300

Pillow Speaker

The Pillow Speaker 30 is a unique combination of listening with comfort and audio quality. Simply slide the extra flat speaker under your pillow or other convenient location to listen to your favorite tunes! It guarantees easy listening while laying down.

Features :

- Listen to Audio Devices with comfort and privacy
- In-Line Volume Control
- Built-in Power Amplifier to Enhance the Audio Output Level
- Switch Off Built-in Amplifier To Power Speaker Directly

Volume: Adjust To Desired Audio Output Level

Amplifier On / Off: Switch On To Increase Audio Output Level

Note: Install One AAA / UM-4 / R3 Battery (Battery not included) To Power the Optional Internal Audio Amplifier

Only Connect To Headphone Jack, As Connection To Higher Output Speaker Connection Will Cause Damage.
