D E S C R I P T I O N

PRODUCT COVERED:

* USR - Component wire connectors, Type **PLASTI-GRIP™**, sizes No. 8 AWG to No. 2/0 AWG. Refer to Ills. **1 - 31** for specific Cat. Nos.

ENGINEERING CONSIDERATIONS (NOT FOR UL REPRESENTATIVE USE):

* These devices are factory assembled using Type **"AMPLI-BOND™"** tooling by AMP. Refer to **Ills. 32, 33.** They are suitable for use where the acceptability of the combination has been judged by Underwriters Laboratories Inc.

USR - The wire connectors covered in this Report are in compliance with UL 486A-486B "Standard for Wire Connectors", First Edition.

Conditions of Acceptability - In order to be judged acceptable as components of electrical equipment, the following condition should be met:

1. Marking - Electrical ratings, including "CU", etc., are not provided. Such markings may be required in the end-equipment.

2. Dielectric Voltage Withstand testing was conducted based on a 600V rating.
